

Frequently asked questions

What is the program?

To support local businesses during the COVID-19 pandemic, the Lafayette Urban Renewal Authority (LURA), in partnership with the City of Lafayette, is offering Designated Curbside Pickup parking spots in Old Town Lafayette. Launching in January 2021, the program identified 14 areas which could benefit from a curbside pickup parking spot.

Are the spots for a specific business or can anyone use them?

The designated curbside pickup spots can be used by any nearby business and are not tied to any specific business.

How will I know what the spots look like?

Curbside pickup spots will be marked with green and white 10-minute curbside pickup signs. LURA and City staff will install these signs on temporary bases.

Will these spots be permanent?

The Designated Curbside Pickup Program is temporary due to the COVID-19 pandemic. LURA and the City of Lafayette will adjust the program based on success and use.

How will the location of a new curbside pickup spot be determined?

LURA and the City of Lafayette will evaluate new curbside pickup spots based on a few factors, including:

- Location and type of the business requesting the spot
- Access to private parking lots
- Proximity to an existing curbside pick-up or loading zone
- Proximity to RTD bus stops
- Anticipated need

LURA, Public Works, and Planning will work with businesses to determine if a new curbside pickup spot is appropriate.

Can I use a curbside pickup spot to enter a business to pick up a takeout order?

Patrons can stay in their car or enter the business to pick up their orders.

Can I create a supplemental sign that lists my businesses' phone number for pickup?

Yes—businesses are welcome to have supplemental signage and should reach out to PlanningAll@lafayetteco.gov for approval.

Who do I contact about curbside pickup spots?

Have questions or concerns? Would like to propose a new spot? Please contact LURA Executive Director / Economic Development Manager Brigid Keating at brigid.keating@lafayetteco.gov
