Intent

It is the intent that Planned Unit Developments (P.U.D.) promote the most beneficial and creative development of land within the City of Lafayette. Through the use of P.U.D. regulations, it is intended to permit greater flexibility in the location of buildings, mixtures of land use, open space and consequently, more imaginative design for development than would be generally possible under conventional zoning or subdivision regulations. These regulations are also intended to promote a high level of landscaping and open space amenities, convenient and safe vehicular circulation, and creative residential, commercial and industrial development consistent with the Lafayette Comprehensive Plan and other approved plans of the City.
